To Whom It May Concern,

The Delaware Public Service Commission ("Commission") is in receipt of the (the "Application") by Residents Energy, LLC ("Company") for certification to provide electric supply services in Delaware. In order to recommend approval of the Application, additional information is necessary as indicated below. On February 3, 2016 Commission Staff ("Staff") requested additional information in support of the Application. In anticipation of the resolution of the discrepancies in the original filing, please be advised of the following:

Section 2.2 of the Supplier Rules provides as follows¹: **Each Applicant, except Brokers, shall publish notice of the filing of the application in two (2) newspapers having general circulation throughout the State of Delaware in a form to be prescribed by the Commission.** The Company should publish, in two-column format outlined in black, the form of notice in the following newspapers: The News Journal and Delaware State News.

- Please provide the Commission with the affidavit(s) of publication from both newspapers attesting to the above publication. These documents should be attached as a subsequent filing in DelaFile, the Commission's electronic filing system, under Docket No. 15-1739. A 20-day comment period is required from the date of the publication for all interested parties to file comments and/or applications to intervene with the Commission. At the completion of the required notice period Staff will finalize the Company's Application for Commission approval if no comments and/or interventions have been received and all deficiencies have been addressed.
